

PUBLIC MEETING TO BE  
CALLED ON BOND ISSUEBusiness Men Take Up **Bishop To Visit Here**  
Matter of 75,000 Improvement

## PRESIDENT TO ARRANGE

July 15 Date For Assemblage  
--Important Matters Taken Up By Business Men

Improvement by paving of streets in the hill district through the issuance of bonds in the sum of \$70,000 or \$75,000 was discussed by the Charleroi Business Men's Association at its regular July meeting held Thursday evening in the association rooms in the Woodward building. The result of the discussion was that July 15 has been set as the date for a general meeting of citizens of the town to consider the merits of the bond issue proposal, and to decide whether or not a vote should be asked. President John B. Schafer of the association, was authorized by motion to make satisfactory arrangements for the meeting. He will secure either the school auditorium or Turner hall. The idea as outlined in the meeting Thursday night is to provide funds for a comprehensive scheme of paving practically all the streets of the hill district within the next year, or within as short a period as possible. Borough Engineer Harvey W. Brown presented a few figures to the association, showing that the total cost of grading, paving and curbing of the hill streets would approximate \$194,000. The borough's third would be close to \$65,000. He also stated that the town could yet issue bonds to the extent of \$877,000 and still be safely within the limit permitted by law.

The bond issue and paving matter was only one of various important matters considered. Another was that concerning the completion of the road to Speers. State contractors have been working there for months, but may have to discontinue construction with only the foundation laid and curbing set, because of outside trouble. The action taken by the business men was to the effect that a committee of two be named to visit the officers of the Pittsburgh Railways company and the Pennsylvania Railroad—who are concerned over the occupancy of certain territory—and to confer with State Highway Commissioner E. M. Bigelow, and District State Highway Engineer Alexander B. Gray. Gov. J. K. Tener will be visited at Harrisburg by the committee in the interests of the road.

A communication was read from the National Rivers and Harbors committee asking the association what benefit it had derived from the comprehensive plan of river and harbor improvement carried out within the last several years. The committee asked the association that if it had noticed lasting benefits to kindly inform the committee. Secretary H. W. Wilson was instructed to procure some information and to reply to the questions asked by the committee.

We will be closed all day Saturday, July 4th, and open Friday till 9 P. M. Eugene Fan, The Ladies' Store. Charleroi, Pa.

PLANS LAID FOR  
THE FOURTH HERE

Playgrounds Celebration and Ball Game to be Only Local Events.

## MANY GOING VISITING

With business houses closed the postoffice force observing short hours, and factories not working except on part time, Charleroi's Fourth of July will be a true holiday. There will be interesting events carried on here, and at Eldora park, where there will be a celebration which promises to attract a large crowd.

At the playgrounds a program for children will be given in the afternoon under direction of Prof. J. T. Daniel. At the ball ground in the afternoon at 2:30 o'clock, Monessen and Charleroi will meet in a baseball game. A number of local people are planning to visit in other communities.

WOODWARD STILL

Leslie Woodward, the California liveryman is still looking for his team of black horses and he has that his stable boy hired to a heavy set man June 25. He has offered a reward of \$50 for the return of the team and an additional \$25 will be paid to the person that locates the man.

Mr. Woodward, who is a brother of Burgess S. L. Woodward and Gray Woodward of Charleroi and Davis Woodward of North Charleroi has scoured considerable of the territory in this region. He feels that the team may have been taken to West Virginia.

MYSTERY  
IN DEATH

Not Believed Now That Young McNeil Was Electrocuted in Mine

## THEORIES ADVANCED NO WORK IS REASON

Mystery surrounds the death of George McNeil, who was found dead at the mouth of the Crescent mine near Coal Center a few days ago. Some think that he was struck by a fall of slate, and that he got out from under this in some way and crawled quite a distance, and lay down and died. Others think that he came in contact with a live wire. But the wire was eight feet above the ground where he was found, and he was quite a distance from any place where the wire was low. There were no marks upon his body to indicate that he had come in contact with a live wire. The only mark on him was a cut on his forehead which the physician says might have been sufficient to kill him.

As he was found lying on his back with outstretched arms there are those that believe that he met with foul play. Matthew Allison, who discovered the body, and carefully went over the ground and made a close examination, says that he is at a loss to know how he came to his death. His cap and lamp were found 30 feet from where his body was lying.

POLICE FIND OUT  
WHO FIRED THAT  
MYSTERIOUS SHOT

That excitement and resisting the police are synonymous terms seems to be the opinion of at least one individual who was before Burgess S. L. Woodward Thursday night. This individual is John Luther Martin Phillips. It appears that Phillips and others had a little fuss in the home of George Speers Wednesday night, when somebody shot a revolver a man called "Slim" did a little hand carving by accident, yelling "murder" meanwhile, and a couple of colored women acted as women are expected to act when there is excitement. Phillips in his version of the affair said he didn't resist. Various stories were told of the mixup. The outcome of the affair was that Edward Huston, better known as "Slim", Phillips, George Speers, Mrs. Victory Kenney and Ida West were fined each \$5 and costs. Charges ranged from disorderly conduct to conducting a disorderly house and fighting.

NORTH CHARLEROI WOMAN  
IS SEEKING DIVORCE

Marie Bates of North Charleroi has filed suit in divorce against her husband, Thomas Bates. Cruel and barbarous treatment is alleged. They were married June 9, 1909, at Wheeling, W. Va., the libellant at the time living at Van Meter, Pa. They lived together until they separated at Steubenville, O. Her husband drank and she was compelled to leave him four times, leaving him for the last time on June 11, 1910.

The Ellsworth Fourth of July program begins at 9 in the morning and closes at 12 o'clock at night. Two ball games. 300t1

TRAVEL IS  
NOW HEAVY

Many Tourists Going Abroad From The Monongahela Valley

Frank Riva, who is in charge of a local steamship agency states that there has been more European travel this season than at any time during the past two years. The reason given for the increase in travel is the unsettled labor conditions in the United States. Large numbers of men are out of employment and they are taking advantage of the opportunity to visit the place of their birth.

There has been considerable trouble to procure passage for cabin passengers, but it is believed that the situation will be relieved after the Fourth. There has been plenty of room for the steerage passengers, although there has been a big increase in this travel too.

It is thought that the most of the men who are now hiring homeward will return to the United States as soon as labor conditions show some betterment. Quite a number have gone from Charleroi and surrounding towns and a number of others are contemplating a trip abroad during the late summer months.

BOY BILLED WITH  
SAFETY GUN; HIS  
FATHER SUMMONED TO DISPLAY FIREWORKS

Richard Padden, who is employed at a local foundry was called home suddenly on Thursday by the news of the death of his son. Regis Padden, aged 6 at Sharpsburg, the lad having died as the result of a bullet wound received accidentally from a revolver. The lad was playing with Richard Taylor and Elizabeth Taylor. While rummaging through a cupboard they came upon a safety hammerless revolver. Regis through accident fired it the bullet going through his brain.

CORNERSTONE LAYING  
DATE IR POSTPONED

The laying of the corner stone of the new general hospital in Brownsville with Masonic rites, which was to have taken place Thursday, July 9, has been postponed indefinitely. District Deputy Grand Master John M. Core of Uniontown who was to have been in charge of the exercises cannot be present because of previous arrangements.

Invitations had been sent out. Many of Charleroi Masons are in receipt of them. Press notices had been sent to the newspapers telling of the affair also.

John Dove, father of Florence Dove, who was fiendishly murdered near North Braddock, made an attack upon Jacob Taylor, the suspect under arrest, during the inquest into his daughter's death, in the Braddock Council Chamber Thursday. Dove struck the prisoner with an umbrella several times. Taylor was for the first time confronted by Elizabeth Kimick, the companion of the murdered girl, and who was also attacked at the same time. Elizabeth said she thought Taylor was the man, but was not certain. Taylor was held to await the action of the grand jury.

CELEBRATION  
AT THE PARK

Preparations Made For Demonstration at Eldora on The Fourth

## TO DISPLAY FIREWORKS

Naturally enough, Saturday will be one of the biggest days of the season at Eldora park, a formal Independence Day program having been arranged that is believed will be the means of attracting one of the largest crowds of the season there. The program in a sense will be similar to that of Memorial Day, which was enjoyed by an immense crowd.

One of the prime features of the celebration will be that of a fireworks display in the evening at 9 o'clock. The display has already arrived and has been prepared by an expert for firing. It consists of numerous pieces variously classified.

In addition to the fireworks display of the evening, there will be a pleasing program of music afternoon and evening, and dancing. All the amusements will be operated from the moment the advance guard of the crowd arrives until the departure of the last of the visitors at night.

A private dance of considerable interest will be given on Wednesday night of next week. This will be by the Bachelor Girls' club of Charleroi, an organization of well known young women.

On Thursday night the Sylvan club of Charleroi and Monessen young men will give their second summer dance of the season.

On Thursday evening will be a picnic by colored Sunday schools of the Monongahela valley. This will be an event of much importance to the colored folk and will be the means of bringing together a large crowd.

Come over to see us on the Fourth at Ellsworth. Just around the corner from Charleroi. 300t1

COMPLICATIONS  
FROM DOG FIGHT

Complications have been developing all week as the result of a dog fight Sunday afternoon between dogs owned it is said by John Newton and S. Tash, both of Charleroi. Charged with assaulting and seriously injuring Louis Zeiff, an employee of Tash's, Newton was fined \$15 by Justice Young of Carroll township Thursday night. A warrant has been sworn out by Tash charging that Sam Friedman, a junk dealer was concerned in the fight. Other developments are anticipated.

HORSE SHAKES MAN AS  
DOG WOULD SHAKE MEAT

James D. Bradley, of New Font, Greene county, is considered to be in a serious condition, as the result of treatment of his stallion. He was riding the animal, when the horse reaching around pulled him from the saddle and shook him as a dog would shake a rat. Mr. Bradley would probably have been killed out right but for the timely arrival of assistance.

## LOVE THY NEIGHBOR

The only thing left to do is to  
maintain the necessity for caution  
in the observance of the Fourth. Only  
through caution are serious conse-  
quences to be prevented, as past sor-  
rowful experience has proven.  
Doubtless the best way to be  
patriotic on the Fourth is to show  
your brother that you love him as  
yourself is by behaving decorously  
while he is around. That is, it  
might not be wise to shoot fireworks  
so they will damage his person or  
property. Of course if anyone wants  
to fire a blank pistol in his own face,  
turn a skyrocket on himself, wear a  
spinning, fire shooting pinwheel as a  
button-hole bouquet, or hold a can-  
dledracker in his teeth for purpose  
of showing off that is his business.  
But he shouldn't ask his neighbor  
who has more sense to do the same  
thing.

In case of injury the safest thing  
is to hunt a doctor and procure anti-  
toxin. The state supplies the latter  
free. It is used for the purpose of  
saving lives, but better than that to  
reserve a mortal existence is a  
little bit of caution.

## FOR A BATHING BEACH

That proposal to constitute a mun-  
icipal bathing beach and boat house  
sounds good. Why Charleroi should  
lead the Monongahela valley, in view  
of its present position at the head  
of the procession, is plain.

Other towns and cities maintain  
good bathing beaches and boat  
houses to the ultimate benefit of their  
people. They have found whatever  
expenditure is connected with the un-  
dertaking has been repaid fourfold.  
Large mining corporations and im-  
portant industries have found such  
things as swimming pools of decided  
benefit to their men and themselves.  
Why not Charleroi?

plied:

"Can't do anything now. Wife is

"I'll have to go back," declared the  
valley man to the captain. He and

Here is the amusing way in which  
the Wheeling News treated the liquor  
question with the beginning of the  
"dry" season in West Virginia:

Funeral services over the remains  
of the late John Barleycorn, who  
passed away at his West Virginia  
residence on November 4, 1912, were  
held from the late home, Tuesday  
evening, June 30, 1914. Interment  
at Prohibition cemetery. Services  
were public, with the sermon by Rev.  
D. R. Y. Voter, assisted by Rev. T.  
Toaster. John Barleycorn was in the  
forty-ninth year of his age. He had  
enjoyed splendid health until about  
two years previous to his death,  
when he became afflicted with a se-  
vere attack of anti-saloonitis, while  
attending the 1911 session of the  
State Legislature. From that on he  
declined rapidly, and it occasioned no  
surprise when death overtook him in  
the fall of the following year.

For a man who can laugh at the  
sport of manslaughter, General Villa  
is altogether too sentimental. He  
salutes a news bureau "affection-

In urging the prompt use of anti-

"Do not consider any such wounds  
trivial, send for a physician at once.

guments of jockey. John Wana  
maver ought to know some  
thing about it. He has at-  
tained his goal, the business  
world where his opinion  
carry weight. Listen to what  
he says—

"The chief reason that every-  
body is not successful is the  
fact that he has not enough  
perseverance. Do one thing well  
throwing all your energies into  
it. The successful man, un-  
like the poet, is made, not  
born."

Encouraging, isn't it? Now  
persist a little more diligently  
than ever. And let us help  
you by caring for your money.

## FRECKLES

Don't Hide Them With a Veil; Remove Them With The Othine Prescription

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by druggists under guarantee to refund the money if it fails. Don't hide your freckles under a veil; get an ounce of Othine and remove them. Even the first few applications should show a wonderful improvement; some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength Othine; it is this that is sold on the money-back guarantee.

## POSITIVE PROOF

Should Convince the Greatest Skeptic in Charleroi.

Because it's the evidence of a Charleroi citizen.

Testimony easily investigated.

The strongest endorsement of merit.

The best proof. Read it:

Mrs. D. F. Worthington, 914 McKean Avenue, Charleroi, Pa., says: "I was troubled by backache for years. The pain was so intense at times it made me sick all over. Whenever I stooped a sharp pain darted through me and I could hardly catch my breath. Often it was just as though a knife was being stuck into me. I was tired all the time. I had rheumatic pains throughout my body. My feet became swollen. Doan's Kidney Pills were recommended to me and I got a supply at Piper's Pharmacy. Two boxes relieved me of all symptoms of the trouble. I now take Doan's Kidney Pills once or twice a year as a kidney tonic and they always help me."

Price 50c. at all dealers. Don't simply ask for a kidney remedy--get Doan's Kidney Pills--the same that Mrs. Worthington had. Foster-McMillan Co., Props., Buffalo, N. Y.
